2010 Year End Compliance Updates Supported Software Versions

OSAS

For the upcoming tax year, 2010 W-2s, 2010 1099s, and 2011 tax table updates, Open Systems will be providing Year End Compliance updates for OSAS versions 7.03, 7.5x and 7.6x. Open Systems will be testing on the current build of each version and we strongly recommend that if you are not using the current build that you upgrade to the current build of your OSAS version.

TRAVERSE

For the upcoming tax year, 2010 W-2s, 2010 1099s, and 2011 tax table updates, Open Systems will be providing Year End Compliance updates for TRAVERSE versions 10.2 build 7189, with prior Year End builds installed, TRAVERSE 10.5 build 9092, with prior Year End builds installed and TRAVERSE 11. Open Systems will be testing on the current build of each version and we strongly recommend that if you are not using the current build that you upgrade to the current build of your TRAVERSE version. (Please note that Year End Compliance Updates will not be provided for 10.5 phase one builds 7086 or 7210).

To be eligible to receive any of the above updates, the end-user must be enrolled in the Open Systems Continuous Enhancement Subscription program.
